

# The TERRITORIAL BRIGADE of CONTACT

*Presented by the French National Gendarmerie*

police de  
sécurité  
du quotidien

**A project that is part of France's new  
*police de sécurité du quotidien***

**Objectives :**

- reducing the fear of crime
- putting citizens back at the core of law enforcement action

police de  
sécurité  
du quotidien

**Building a response to meet the needs of all communities, with :**

- measures geared towards everyday security
- new methods for solving problems
- stronger operational partnerships

# The TERRITORIAL BRIGADE of CONTACT

## A transformed unit

## Contact as a new priority

## Reinforcing presence

**WHAT ?**

# Against the security « deserts »

## To better detect the weak signals

## To reassure the population

## A better link with mayors

**WHY ?**

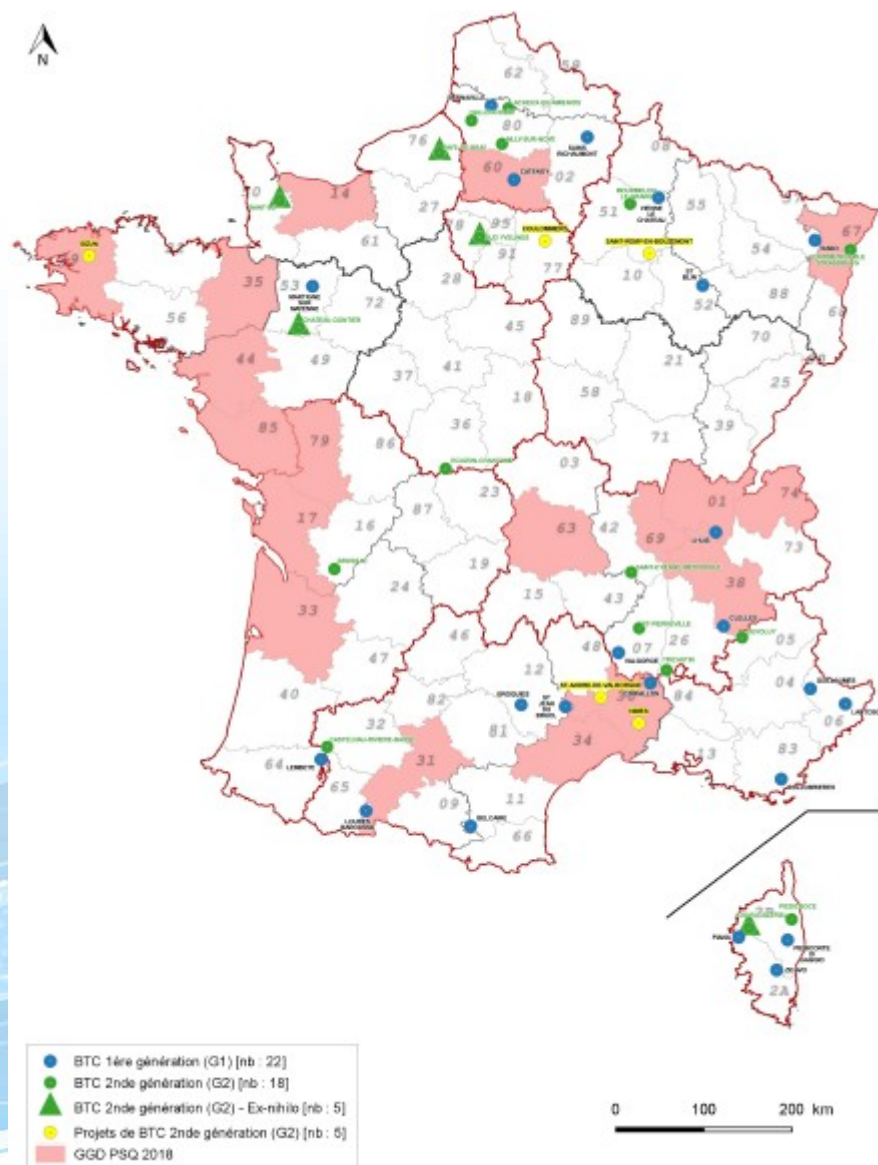

**Experimented since  
2017**

**44 projects currently**

**A model that  
inspired other forms  
of contact**

**Also in urban areas**

**HOW ?**

**Low cost**

**It values the territorial network**

**It benefits from the digital tools**

**A reversible model**

***INNOVATIVE ?***

**Adapted to local concerns**

**A precise operationnal contract**

**Focus on the needs of population**

**A partnership approach**

***EFFECTIVE ?***

**Better visibility of the action**

**A better collection of intelligence**

**A great satisfaction / quality**

**A response to the needs of the territory**

***EFFICIENT ?***
