How Finnish Hotline Nettivihje Operates?

Nettivihje receives online reports containing possible Child Sexual Abuse Material (CSAM).

"Seems this violates children's rights!"

Hotline analysts assess all the reports.

Material assessed to be possibly illegal CSAM is forwarded to the INHOPE Hotline in the hosting country.

CSAM is processed in the country where the illegal material is hosted.

LEA & Internet Service Provider (ISP) take necessary actions to remove illegal content from the Internet.

More than 90% of the confirmed CSAM worldwide was removed within 3 working days.

Report it. Don't ignore it.

You can make a difference. Report CSAM to a hotline.
