

GOOD PRACTICES

Project purpose:	<p>Подобряване на познанията в семейството, което играе важна роля за превенция на престъпността, особено сред децата и младежите.</p> <p>Expanding knowledge within the family in regards to important topics of the crime prevention field, especially those concerning children and teenagers.</p>
Category/Categories	Awareness materials

Country of origin:	Bulgaria
Project title:	“How to protect our children from crimes”
Project description:	<p>In 2014 was elaborated a handbook, including the rights and duties of parents in connection to presenting adequate parental care and preventing children from falling into victimogenic and criminogenic risk. The goal of the handbook is to improve awareness in the family in the crime prevention field, especially among children and teenagers. Early prevention is done mainly through communication in the family.</p> <p>Some of the topics developed in the handbook are prevention of school bullying, sexual abuse, domestic violence and cyber bullying. This handbook contents various measures that can be undertaken if the child has been a victim of harassment at school, as well as advice on how to protect and how to inform parents, teachers and others. In 2014 were printed and distributed 5000 copies of the handbooks.</p>
Project start date:	December 2013
Is the project still running?	No.
