

Municipal Police of Pezinok

PROJECT:

„With knowledge to a valuable life “

Project Author: Miroslav Schlesinger

Project Coordinator: Lukáš Arbet

History & Development

- Initiation of the project (2007)
- **Establishment of an active cooperation system within the town of Pezinok (2007 – 2008)**
- Surveys evaluation and implementation of new preventive programs (2008 - 2009)
- **Project's presentation on international level (2007 and 2009)**
- Boost in media edification campaigns, professional publishing, implementation of new programs and project's realization methodics (2009 – 2012)

Objectives

1. To increase the safety in residential houses, housing estates and public area
2. To eliminate socio-pathological phenomena at schools and to increase their safety while establishing active assistance and providing education for the target groups
3. To establish an advisory centre for the target groups
4. To improve the cooperation with the media in order to make the activities available for the general public

INNOVATIONS

- **Bibliotherapy** – use of bibliotherapeutic elements (stories and fairy tales) in order to boost personality development
- **Professional counseling with an application of graphology and drawing analysis**
- **A year-round socio-psychological program for so-called problematic youth**
- **Canistherapy - use of a therapeutic dog**

Canistherapy – our therapeutic dog „Amigo“

Partners

- Together Against Crime – Civic Association
- **The Department of Social Affairs**
- The Pedagogical-psychological Centre and the Centre of Educational and Psychological Prevention
- **Psychologists and school coordinators of primary prevention**
- 1st Judo Club Pezinok
- **REVIA Foundation – Lesser Carpathian Community Foundation**
- Church organizations
- **Crime Prevention Council of the Government of the Slovak Republic**

Project Outcomes

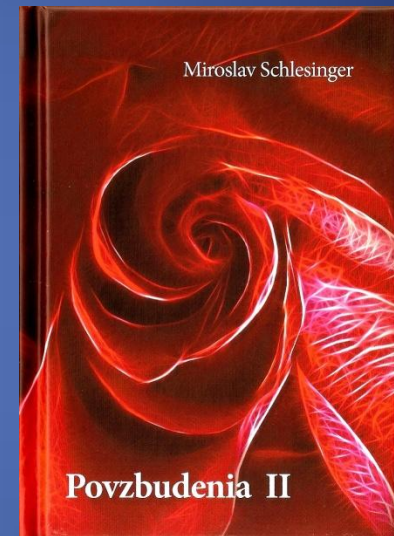

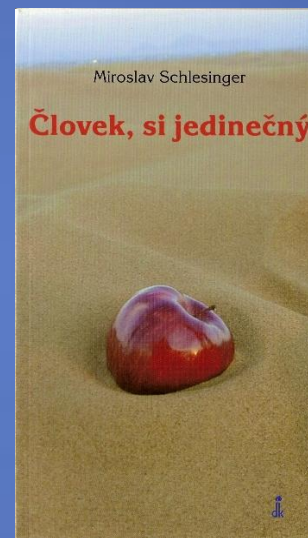

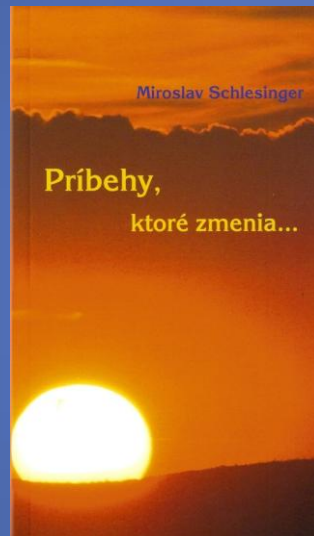

1. Increased safety in town as well as in its educational facilities. Overall increase in positive public opinion towards our Municipal Police
2. Approximately 70% of the town's population is being addressed by project activities
3. Flexible resolution of crisis situations at schools
4. 82% of students revealed their interest for prevention and counseling
5. Creation of an advisory centre at the Municipal Police Headquarters
6. Growing media coverage both on local and national level

Project Outcomes

7. Presentation in 5 TV stations and 1 radio station
8. Contributions in 2 regional newspapers and 1 national professional journal
9. Approximately 125 preventive events every year
10. 1 expert publication and 3 publications focused on Bibliotherapy
11. Established cooperation with a University – theory and practice in the field of Crime Prevention
