Project purpose: (one sentence)	Preventive action supporting law enforcement joint action on organized crime (operation Archimedes)
Category/ Categories	Preventive action

Template for front page

Country of origin:	Slovakia
Project title:	Preventive supportive action of operation Archimedes
Project description: (no more than 150 words)	Information Centre for Combating Trafficking in Human Beings and Crime Prevention together with Unit for Crime Prevention, both belonging under Ministry of Interior of the Slovak Republic, supported joint law enforcement operation Archimedes performed between 15 and 23 September 2014 worldwide with preventive action aimed at prevention of trafficking in human beings. Preventive action took place at the international airport in capital Bratislava by means of information counter with information leaflets about trafficking in human beings and preventive materials advertising National Helpline of Assistance for Victims of Trafficking in Human Beings presented by staff of the above mentioned units. The action was focussed especially on labour exploitation. Target group involved individuals travelling to the United Kingdom of Great Britain and Northern Ireland and Ireland as the mentioned countries belong to the most frequent destination countries for Slovak victims of human trafficking.
