Project description:

As part of the program implementation, the following activities have been planned:

- Literary competition titled "Become a District Frank - the initiative consists in placing puzzles on the subject of broadly understood child safety. Addressees of the action - children under the age of 11 play the role of a district,
- Run of the Young Policeman - as an alternative form of spending free time during holidays, while promoting a healthy lifestyle,
- Outdoor educational games,

- Educational and informational meetings with the local community,
- Local campaign "Your Dog - Your responsibility" – conducted in relation to the increase in the number of bites of children by dogs in the summer season,
- Dobromisia Summer / Winter Club - with the participants of the centers, crosswords, puzzles, etc. related to broadly understood security in summer / winter time are solved, visiting summer / winter recreation facilities.

Objectives project:

Specific objectives:

- limiting the number of events in the environment of children related to animal bites, drowning and road accidents,
- increasing children's activity in learning about and deepening knowledge about the principles of correct behavior in an emergency situation, creating positive behaviors also in rural areas, safe use of the natural environment,
- preparing a local alternative offer for children using organized (summer camps, summer camps, etc.) and free forms of recreation (so-called "open schools"),
- popularizing the "list of particularly dangerous activities" related with running a farm.

Project outcome:

The main effect of the program "Holiday / Emergency Ambulance Service" will be primarily the increase of knowledge and awareness of children in the area of correct behavior and limiting the number of incidents in the environment of children associated with bites, drowning and road accidents increasing children's activity in learning about and deepening knowledge about the principles of correct behavior in an emergency situation, creating positive behaviors also in rural areas, safe use of the natural environment, preparing a local alternative offer for children using organized events (summer camps, summer camps, etc.) and free forms of recreation (so-called "open schools") and popularizing the "list of particularly dangerous activities" related to running a farm.

Start and end project:
